Authorities of County Seek Driver and Unidentified Child

No Record of Pair Reaching Hospital Can Be Found

An unidentified boy, thought to be about five years of age, was probably fatally injured in a mysterious automobile accident near Santa Rita yesterday afternoon, and the authorities are being sought by the authorities of every city and town in Alameda county.

HIT BY MID GUARD.

The unidentified boy was one of a group of several persons who were gathered about the wrecked machine. He was standing on the outskirts of the crowd when a machine drove up from the direction of Pleasanton, and one of the mudguards struck down the child.

GAMBLING CASES CITED.

E. K. Taylor, the next witness, said that in August, a few days after the murder on White House near Los Angeles, a local Chinese gambling joint, Councilman Hammond was in his office and said that the latter told him that the chief of police had arranged to raid the Chinese gambling joints once a month and to fine them in order to produce revenue for the city.

DOUGLAS, Ariz., Nov. 1.—At 1:37 p. m. the battle of Agua Prieta began. The guns of the garrison of Agua Prieta opened up at that hour on the rapidly advancing Villa forces near the Slaughter ranch house.

The Villa forces halted and began to entrench. None of the shots came nearer than three-quarters of a mile of the American line.

The Villa gunners returned shot for shot, aiming, apparently at the southern salient of the Agua Prieta defenses. No damage was done by either side for the first twenty minutes.

The Villa army continued to move steadily toward the trenches of Agua Prieta this morning. By 12:30 p. m. a thin skirmish line composed of Yaqui Indians had moved up to within a mile and a half of the Carranza line.

New Arrest Made in
Explosive Conspiracy

By Associated Press.
NEW YORK, Nov. 1.—The man who is alleged to have furnished some of the explosives with which the government charged, Lieutenant Robert Fay, who said he had lately served in the German army and his associates expected to blow up ships laden with munitions from this country to the allies, was arrested here today by secret service men under the direction of Chief W. J. Flynn.

According to Chief Flynn, Bronkhorst was employed at Butler, N. J., on road construction work, and was engaged in the use of explosives there in connection with his work. Chief Flynn said that the government would prove that the prisoner met Dr. Herbert Kienzie, another defendant charged with conspiracy, at the sanitarium of Dr. Benedict Lust at Butler and agreed to furnish Dr. Kienzie with explosives.

Sophomore Proves Mental Marvel in Psychological Examination

A desire to provide himself with spending money, and not kleptomania, caused Leon N. Long, University of California sophomore, who Saturday confessed to a number of burglaries, to lead a life of crime, according to a statement made by him in his cell at the county jail this morning.

"It's a simple matter," he said. "I received \$30 a month from home and my college expenses were \$25. That left me \$5 a month for spending money, and I simply couldn't get along on that sum. So I had to look for other means of getting money. I was disappointed as a side profession to add to my slender spending money."

SALONIKI, Greece, Nov. 1, via London, 1:30 a. m.—Bulgarian infantry, supported by two batteries, made an attack yesterday on the French position covering Krivolak on the left bank of the Vardar. After sharp fighting the Bulgarians retreated, having sustained heavy losses.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion. Get Hood's Sarsaparilla today. Sold all druggists.—Advertisement.

Dr. Myra Knox, Ncted Educational Expert, Is Summoned by Death

DR. MYRA KNOX.

Dr. Myra Knox, a prominent figure for the past 35 years in local educational, club and medical circles, died last night at Merritt Hospital, where she had been for the last week suffering from a cerebral hemorrhage. Her sudden death has shocked a great number of friends and associates.

Dr. Knox, who had an exceptionally interesting career, was the first woman in California to be appointed to a board of education, serving for twelve years on the Oakland board after her appointment in the early nineties. She was also for many years physician at the State Home for the Blind in this city and also served on the Merritt Hospital Board of Physicians. During this time she took an active part in club and civic affairs.

A native of New Brunswick, Canada, Dr. Knox received her early education in Minneapolis, where her family had moved and where she herself married. On her way west with her husband, Clifford Knox, and her small children, she and her husband became a widow. Knox died in Nevada. The young woman proceeded to California and took up the study of medicine at Cooper Institute, while rearing her family. Dr. Knox was 62 years of age and active in civic affairs. She is survived by two daughters, Miss Margaret and Miss Martha Knox, residing at 854 Fourth street, both well known in Oakland educational circles and in society.

Colonel John P. Irish, for many years a close friend of the deceased, will officiate at the services, which will be held on Thursday afternoon at 2 o'clock at the First Presbyterian Church. Colonel Irish is expected back from New York very shortly.

REPUBLIC BILL SHOWS PLEASING VAUDEVILLE

Packed houses greeted every show at the Republic theater yesterday when one of the best vaudeville bills seen in this city for a long time, was presented. Du Nord, in classic dances, is one of the dancers on the stage today who really is graceful and uses new dances. The Lyric Quart are four very good singers. Billie Small, violinist, is just as good as ever, and was one of the hits of the night. Linden and Ellsworth have a good comedy sketch entitled "Home, Sweet Home." Tex Weatherford and the Kewp Sisters were the hit of the bill, with fine voices and new songs. Mr. Weatherford's imitations are the best heard in a long time.

NEW FRENCH LINER SAILED

BORDEAUX, Nov. 1, 2 p. m.—The new transatlantic steamer Lafayette, of the French line, sailed for New York last night on her maiden trip. She carries about 2000 passengers.

A few advice posts scouting in the direction of Veles retired before a Bulgarian attack to their base at Krivolak, where a division of French troops was already entrenched. The Bulgarians then, taking this position three times, the Bulgarians were caught in a gas-fire of the French artillery and slipped when they were met by a hail of bullets from the infantry. Finally the French charged with the bayonet, and the Bulgarians were driven into the Vardar river, which is swollen by recent rains, and many were drowned. It is asserted that Kolchane Pass, which the Veles district has been held of the Bulgarians, although the train and railroad station are in Serbian hands.

HAMMOND ACCUSES STUDENT BURGLAR IS MENTAL MARVEL

“Barrel of Money” Story an Invention, Alameda Councilman Says.

(Continued From Page 1)

The city. Taylor declared that Hammond told him there were nine gambling joints in Alameda. Attorney McDonough asked Taylor what he had to say to Hammond in regard to these matters. The witness said that he did not know whether he made any reply.

“Then you mean to say,” declared McDonough, “that you remember what Hammond said, but not what you said?”

Mayor Bartlett said that he had talked with Charles F. Banta in regard to a telephone conversation the latter had overheard between John L. McVey and Councilman Hammond in regard to the return to McVey of \$25,000. The latter had expended in getting evidence against local Chinese joints. The mayor said that Banta refused to testify, but sent a letter. The written statement was read to the committee and told of Banta being in McVey's office when the latter rang up Hammond and asked him for the money.

The mayor also stated that there were extra men in the employ of the street department as follows: May, 19; June, 29; July, 19; August, 11; September, 1.

Judge Tappan asked Mayor Bartlett what he did not endeavor to trap Hammond after the latter, as he testified, tried to “divide” with him “a barrel of money,” to be made out of the streets. Mayor Bartlett said that he did not believe it was up to him to spend the money. “I told my wife, Mr. Taylor and another man of the matter, that's all,” said Mayor Bartlett.

Councilman Conrad Roth said that on two occasions Councilman Hammond had conferred with him regarding important matters, he being a member of the street committee. He said that Hammond had told him that he believed Superintendent of M. Frodden should be reappointed.

Councilman Hammond declared, when he took the stand, that the chief of police had come to him and asked him about the Chinese joints. He said that in the midst of a conversation with the chief he suggested that in Oakland such places were raided from time to time and that the money making a revenue for the city. He said that \$15,000 or \$16,000 a year coming into the city treasury would be useful in rebuilding streets.

sick and wounded, trenches and underground dressing stations marked. General P. Elias Calles and the Carranza garrison of 1000 men, with ten field pieces and thirty or forty machine guns, awaited today, General Francisco Villa's attack.

Three motor trucks have brought over to the American side nearly fifty incapacitated soldiers, who were shot in previous fights in Sonora, and twenty-seven men and women typhoid patients, survivors of a recent epidemic in the Mexican town.

Throng of refugees and women and children camp followers of the Mexican garrison, all of classes not legally admissible to the United States, waited on the international boundary for permission to cross and enter a detention camp, when the machine actually began.

WOMAN TO REMAIN

General Calles maintained headquarters in the house of Mrs. Alice O'Loughlin, an American keeper of a curio store in Agua Prieta, who went through two previous battles in the Mexican town. She said today that she expected to remain there throughout the coming fight, despite the long range field artillery Villa is reported to have trained on the town. Her husband is a mining man, at the present time in a Los Angeles hospital, suffering from a fractured vertebrae.

Dawn today showed General Villa's troops spread out partly around Agua Prieta in a semi-circle from east to south about five miles out. General Urbalejo and Antonio Vender, the latter commander of an advance guard which had a skirmish with Carranza troops at Cabullona, are at points west of Agua Prieta, one in the vicinity of Anavacachi Pass, the other near Naco.

This force totals in the neighborhood of 2000 soldiers, the majority of whom are Yaqui Indians, of whom Urbalejo is the chief.

General Calles' two searchlights swept the desert brush all of last night. Villa's camp fires winked in the distance, while American troops under General Thomas F. Davis of the Sixth Brigade, slept on arms in three miles of trenches facing the Mexican boundary opposite Douglas. Many persons here slept in their

AMSTERDAM, via London, Nov. 1.—Emperor Wilhelm, according to a dispatch from Berlin, has sent to a congratulatory telegram from the Prussian cabinet the following reply: “My warmest thanks to the ministry of state for its inspiring words by which it renewed on the day of the 500th anniversary of the reign of my house over Brandenburg its vows of loyalty. In reviewing half a thousand years of Brandenburg-Prussian history God's guidance appears to have been wonderful. Across the depths and the heights my house has been raised from the electoral seat to the imperial crown and from a small mark to the center of the German empire, whose strength and power have been so brilliantly proved to friend and foe in the present war of the nations, the greatest of all time.”

“With full humility I acknowledge, together with the German people that thus far the Lord has helped us. A life-long investment

Year 1892: Their new ideal heating investment

Year 1915: Their life-long ideal heating investment

Twenty-four years ago we began to make and sell these now-famous heating outfits. Every outfit that we sold then and since is giving ideal heating results, for even conflagrations and quakes do not destroy them. If buildings are remodeled or wrecked, the outfits are used again, as they are made in units and can be altered to fit. We advertised them as life-long investments, and they are proving so in more than a million buildings at home and abroad.

AMERICAN & IDEAL RADIATORS & BOILERS

building equipment which do not deteriorate. But, more than that, these outfits repay their own cost again and again through fuel economy, less care-taking, absence of repairs, and because their cleanliness saves fuel and wearing of furniture and decorations.

Property thus outfitted sells quicker at the higher price, or 10% to 15% increased rental; or banker will extend larger loan. Why do you longer run the health risk, the fire danger, the ash and coal-gas spouting annoyances, as well as the expenses and short-life of old-fashioned heating? Twenty-four years of unequalled heating service, and many refinements, as developed in our factories and laboratories in United States, Canada and Europe, and the great volume of our business, enable us to offer IDEAL Boilers and AMERICAN Radiators at a price no greater than asked for inferior devices. Accept no substitute.

Made in sizes to fit old or new stores, offices, flats, schools, churches, garages, as well as houses and cottages in country or city. No rekindling the fire all season. Same water used for years. Phone your nearest dealer today and get his estimate. Prices now most attractive and at this season you get the services of the most skilled fitters. Ask for pamphlet (free) "Ideal Heating Investments." Puts you under no obligation to buy.

IL LAND SUITS HEARD IN S. F.

Federal Judge Bledsoe Holding Court Across Bay Hearing Huge Acreage Cases.

SAN FRANCISCO, Nov. 1.—The fight of the oil men to save their lands practically confiscated by the government, which have been set apart by President Taft, September 22, 1909, was transferred to this city from Los Angeles this morning.

Federal Judge Benjamin Bledsoe, who has been presiding over the suits at Los Angeles and Fresno, began the hearing. The prosecution, which is seeking to bring about a confiscation of the lands, has rested its case, and the defense began the offering of its testimony today. The suits to be heard here involve the Obispo Oil Company and the Pacific Midway Oil Company. They are directed specifically against E. W. McClellan, et al. Among the oil companies represented by counsel and which are included in the list of defendants besides the two mentioned are the Standard Oil Company, the Spreckels Oil Company and the General Petroleum Company. The cases are being prosecuted by E. J. Justice, special assistant to the United States District Judge.

Among the legal talent are Attorneys Samuel Sherridge, Curtin H. Lindley and Phillips, Madison and Sullivan. Thomas O. O'Donnell, oil dealer and superintendent of the General Petroleum Company at Maricopa, was the chief witness today. He told of the drilling operations conducted in the oil fields.

The government has already begun nearly a score of suits against oil companies which have filed claims to the land withdrawn under President Taft's direction, which was later confirmed by congress. All of the evidence for the prosecution in the cases now being tried was submitted in the south, where the convenience of witnesses was first served. It was for the accommodation of the witnesses of the defense that the evidence was shifted this morning to this city.

OIL LAND ACTS CAUSE OF LOSS Blow at Citizens of the State MANY MILLIONS IN JEOPARDY

By L. E. DOAN,
Secretary, Oil Industry Association.

The national government at Washington is causing enormous loss to the citizens of the state of California by its treatment of the oil operators in Kern county. It is not reasonable to believe that it was intended by the president of the United States, when on the twenty-seventh of September, 1909, he temporarily withdrew from entry practically all the proven oil lands in California, to confiscate all land which had previously been located by operators under the law in the withdrawn area and to have the government seize investments. Nevertheless, that is what is now being done on a wholesale scale by the Washington government.

Many suits have been commenced by the government against the operators and the Department of Interior has practically refused to grant any patents. Operators have for six years been allowed to continue their work without protest or warning by the Federal department until they made discoveries of oil which under the law would entitle them to patents. Now they are not only refused patents, but ejectment suits have been brought against them.

Thousands of persons in this state and on the Pacific coast are financially interested in these located lands. Many millions of dollars have been expended in development work. It is all now in jeopardy. Unless Congress passes some remedial legislation, it will be confiscated.

The President never contemplated any such thing, but by technical construction the employees of the departments of the government have misconstrued the intention of the President.

and sales, would be necessary. Agree with us in this belief, and your trouble can be relieved—you can be entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most decided abatement of your trouble, and finally make you entirely well. Fifty years ago S. S. S. was discovered and given to suffering mankind. During this period it has proven its remarkable curative properties as a blood purifier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it if only pimples appear, for they denote bad blood, and may be followed by the sufferings from torturing skin eruptions. Therefore be sure. Don't take chances, don't use lotions. Get S. S. S. from your druggist. If you are in a special case, write for expert medical advice to S. S. S. Co., Atlanta, Ga.—Advertisement.

WOMEN CLUBS TO HONOR COUNTESS

Famous Wife of Earl of Aberdeen to Be Guest of Oakland Organization.

Preparations have been completed by the women's clubs of Oakland to honor the Countess of Aberdeen, president of the International Congress of Women, now in San Francisco, who will preside at the session of that body and on November 5 be the guest of the Oakland club women at "Oakland day" of the council.

An interesting program has been prepared for the occasion. The luncheon at the Hotel Oakland, to be given by the local auxiliary of the council, will be followed by a reception tendered the distinguished guest by the Oakland Civic Center. A dinner at the Y. W. C. A. will be followed by a reception to be held by the board of managers of that organization at the Y. W. C. A. building.

Lord Aberdeen, who was viceroy of Ireland until last February, refused to talk war, save to state that the Irish people are loyal to England and are doing much to aid in the present war. Lady Aberdeen, who is interested in suffrage and settlement work, was interested in charity work and settlement work on the coast.

Lord Aberdeen will also visit Oakland this week. Besides accompanying his wife to her meetings he will meet Henry Harris, the famous pistol shot, and the members of the "Irish 20 Club," of which Lord Aberdeen is a life member. This honor was conferred on the Oakland man when, in the big shooting tournament at Bisley, he outclassed all competing nations.

Lord Aberdeen will also visit a number of other friends and plans to take several days to see the exposition. The people of California have been greatly benefited at the expense of the operator. Railroads have been benefited enormously by hauling freight from the field and most of all by the cheap fuel, which the oil operator has furnished. Enormous sums have been expended for lumber in building rigs and houses; towns and cities have grown up; millions of dollars have been spent for machinery, tools and casing; thousands of men have been employed in drilling wells. The entire people of California have profited—all except the oil operators.

ROME PAYS TRIBUTE TO SOLDIERS KILLED IN WAR

By Associated Press.
ROME, via Paris, Nov. 1.—As a tribute to those who have died fighting for their country, virtually the entire population of Rome participated today in the placing of flowers on the monument of the late King Victor Emmanuel II. Queen Helena, the dowager Queen Margherita, the King's of Malta, the various embassies and the members of the nobility put the flowers of their gardens at the disposal of the public, while flowers for use in paying the tribute also were obtainable from the Red Cross, which conducted a sale.

The immense monument was literally buried under the floral tributes. Not half a dozen can show real profit. It is true that many of the original locators who sold their location rights, prior to the President's withdrawal, made fortunes from the sale of their locations, but from the sale of the oil. The great cost of drilling and the low price of oil has made the business unprofitable. No profit has ever reached the operators' pockets. The millions of dollars spent have been distributed for labor and supplies.

The people of California have been greatly benefited at the expense of the operator. Railroads have been benefited enormously by hauling freight from the field and most of all by the cheap fuel, which the oil operator has furnished. Enormous sums have been expended for lumber in building rigs and houses; towns and cities have grown up; millions of dollars have been spent for machinery, tools and casing; thousands of men have been employed in drilling wells. The entire people of California have profited—all except the oil operators.

And yet the government demands that it be punished and his land taken away from him. The people of California who have been so much benefited by the oil industry should rise up and protest against this great injustice.

NOTHING TO GAIN.
What will the government gain by taking over these locations? Nothing. It is well known to those who have studied conditions in Maricopa and Midway that at every alternate section of land is patented and owned by the Southern Pacific company. There are many other sections of land which have been patented during the past few years. The Southern Pacific company and the owners of the patented land are drilling this land as fast as possible, and expending the oil there as fast as it can be pumped.

By the time the government would be ready to operate for its own need in the Navy there would not be any oil left. Oil lies in underground strata, like water, and a well will drain from it long distance. Adjacent underground reservoirs are soon exhausted.

Sufferer From Indigestion Relieved.
"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him from these troubles right away," writes Mrs. C. E. Carter, Concord, N. Y., sale by Osgood Bros. Drug Stores.—Advertisement.

GET NEW KIDNEYS

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the waste developed in the system, things begin to happen. One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even sore in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's Disease, for which there is no cure.

You can almost certainly find immediate relief in GOLD MEDAL Haaslin Oil Capsules. For more than 20 years this is the best kidney remedy known to the world. It is a remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Prices, 25c 50c and \$1.00. Be sure you get the GOLD MEDAL brand. No other genuine Guaranteed and sold by The Owl Drug Co.—Advertisement.

Exposition City to Celebrate Tomorrow With Array of Unique Features.

TRIBUNE BUREAU, Panama-Panama Exposition, Nov. 1.—Preparations for sham battles, races, military maneuvers, sea battles and all the other big features for San Francisco tomorrow will be completed by noon today. Every detail of the big program for tomorrow is finished. Tomorrow "San Francisco day" will be celebrated at the Exposition—more perfectly than any other day in the history of all California is joining with San Francisco in the big celebration that will commemorate the city's rise from ashes and the building of the great city fair.

The reproduction of the battle between the Monitor and the Merrimack in the sham battles in which 3000 soldiers will participate, a great pageant parade, races between aeroplanes and dirigibles and hundreds of other features, are on the list of attractions for the day.

The sham battle at the race track at 3:30 in the afternoon, following a

Smith said that the general must be made to be a reproduction of a similar battle staged earlier in the year. But it will be even greater than this, for the same 3000 United States troops who will be engaged and they will have profited by the experiences of the other spectacle.

"The flight of the aviator, will start the hostilities by dropping bombs, starting. He will also be seen in a race with a motorboat and in several other unique "stunts."

The parade will be one of the big features of the morning. Soldiers in motor floats and other attractions will be seen in the great moving pageant.

HER MOTHER DEMANDS \$15,000

Lawsuit Follows Daughter's
Re-arrest for Alleged Broken
Probation.

LOS ANGELES, Nov. 1.—An alleged midnight joy ride which resulted in Anna Milano, "the most beautiful prisoner," being taken into custody by juvenile authorities, resulted in the mother of the young girl brought suit for \$15,000 damages against Leonard Woodward, member of a wealthy Los Angeles family.

Mrs. Rose Milano, the mother, charges that Woodward enticed her daughter to go with him for the joy ride in his automobile, knowing that it would break the terms of probation which had been granted the girl.

The girl, who gained the name of "the most beautiful prisoner" while at the county jail, is at present at the home of the Good Shepherd, to which she has been sentenced for a period of four years.

WILLFUL, SHE ALLEGES.

The complaint alleges that on the night of September 20, Woodward persuaded the young girl to go "joy-riding" with him, with full knowledge that it would violate the terms of her probation, and it discovered, result in her being taken into custody. The action is brought on the grounds that this act deprived the mother of the custody, society and services of her daughter.

The mother of the girl makes another chapter in the somewhat adventurous career of the beautiful 15-year-old girl. She was released when first taken into custody, when Attorney Hahn promised the court that he would act as guardian to the girl and she thence she received an education.

GONE FOR DAYS.

The girl, after her release from the county jail went to school in Los Angeles and, according to Attorney Hahn, was enjoying study. Then Hahn says, Woodward enticed her to go "joy-riding." The girl disappeared for two days following the night of September 20 and was found by the police at Venice. Hahn stated that she had directly charged Woodward with being the man with whom she went out in the automobile on the night of her disappearance.

Bootleggers Appear in Chicago Sunday

By Associated Press.
CHICAGO, Nov. 1.—"Bootleggers," illegal traffickers in intoxicating liquors, made their appearance here yesterday, the fourth Sunday since Mayor William H. Thompson ordered the state Sunday saloon closing law enforced. A number of men were arrested as a result.

Thirty violators of the Sunday closing order were reported—most of them instances where saloon-keepers had not closed their bars promptly at midnight on Saturday.

Jury Tampering in Schmidt Case Alleged

By Associated Press.
LOS ANGELES, Nov. 1.—Investigation by the grand jury of alleged jury tampering will be brought to the attention of the court late today in the trial of Matthew A. Schmidt, charged with murder in connection with the dynamiting of the Los Angeles Times building, October 1, 1910.

When the trial was resumed today, after two weeks' delay because of the death of C. H. Fattall, Schmidt's chief counsel, W. W. McKenzie, an attorney for the defense recently retained, was interrupted in his reference to the matter by Judge Frank R. Willis, presiding.

Judge Willis said the matter ought not to be discussed before the trial jury. He said he would excuse the jury late today and hear the defense's complaint.

Seamen's Act to Mean New Treaties

By Associated Press.
WASHINGTON, Nov. 1.—New commercial treaties probably will have to be made as the result of the abrogation of provisions of existing treaties by the wording of the new seamen's act, it was indicated today at the state department. Great Britain so far is the only government which officially has agreed to the changes, but two or three other governments have sought information on the subject. State department officials feel that congress may enact legislation at the coming session amending the law to avoid conflict with existing treaties.

Trunk Held, She Asks Nerve Balm

\$10,000 Wound Caused to Feelings

SAN FRANCISCO, Nov. 1.—Asking that Frank and Roy Somers, the local society men, be compelled to pay \$10,000, "by way of example and as a punishment," Mrs. Helen A. Follette, wife of a Chicago railroad man, filed suit in the superior court this morning. The action is a result of the holding up of Mrs. Follette's trunk by the Somerton Hotel, 440 Geary street, which is owned by the Somers.

Mrs. Follette declares that she needs the \$10,000 worth of personal apparel which the trunk contains, "in order to clothe herself comfortably."

She seeks to recover not only her belongings but an additional \$10,000 as compensation for her wounded feelings, and in order to punish the hotel people, Mrs. W. F. Morris, one of the managers of the Somerton, made a party to the suit. Attorney Daniel O'Connor has been retained as counsel by Mrs. Follette. Manager Mortimer, when questioned regarding the suit today, stated that the trunk had been held for a board bill.

DEATH UNDER OWN CAR, IS FATE

Investigation was started by the county authorities today in an attempt to learn the identity of the automobilist who, forcing former Councilman J. C. A. Macdonald to turn his machine aside, sent him to his death, and drove on, neglecting to render aid. It is intended by the authorities to clear up the mystery that surrounds the accident which resulted in the death of the former city official and the serious injury of R. H. Cavasso, a friend, riding with him.

The accident occurred on the Hayward boulevard while Macdonald and Cavasso were on their way to the funeral services for the late William Angus in that city by the St. Andrews Society. Macdonald was an officer of the order.

According to Cavasso's story, the second machine came about a turn in the foothill boulevard and Macdonald turned out his machine. A wide curve threw it from the road, and after whirling about on the inclined bank, the machine turned turtle, pinning both men beneath it. The other automobile drove on, not offering assistance. Macdonald was unconscious, and examination by physicians showed that he had a fractured skull. He died three hours after the accident, not recovering consciousness.

The machine lay in the roadside for some time until W. L. Johnson, 2308 Eagle avenue, Alameda, and E. L. Ortazo, 1590 Thirty-fourth street, Oakland, passing automobilists, investigated. Rescuing the two victims from the wreck, they rushed them to the County Infirmary where Dr. A. Willis administered treatment. Macdonald died a few moments after being brought to the hospital. Cavasso, though badly injured, will recover, Dr. Willis says. Besides the fractured skull, Macdonald's chest was crushed, internal injuries resulting, and that from the first, hope of saving his life was almost negligible. Had he been hurried to the hospital, however, the physician said there might have been a chance. Both men lay for some time under the wrecked automobile.

Macdonald was one of Oakland's most prominent citizens. For many years a city official, a factor in business life, he owned extensive realty holdings and was notably active in fraternal life. He was one of the latter councilmen under the old charter. Since his retirement from political life, he has devoted his time to managing his property. His home was at 418 Twentieth street.

Macdonald was a member of the Ancient Order of United Workmen, various fraternal bodies, the Elks and other organizations. He was once a lieutenant in the California National Guard. He left a widow, Mrs. Mary Macdonald; two sons, D. F. Macdonald and W. I. Macdonald of Oakland; a daughter, Mrs. Fred Seuberg of this city. He was born in Scotland. The funeral will be held tomorrow, probably under Masonic auspices.

A Treasure Is Discovered

That's what the new Onepiece lens is to the elegiac wearer—a treasure of great worth, just revealed. It brings relief to tired eyes—gives good sight for distance and reading vision. It is made from a clear, hard glass by a new process that makes it possible to grind both distance and reading in one solid lens—not a welded or cemented form, but GROUND in one solid glass. Your eyes are worthy of this treasure. Let the California Optical Company show them to you at 1221 Broadway, Oakland; 181 Post street, 2508 Mission street, San Francisco.—Advertisement.

'BIG FIVE' SEEKS EIGHT-HOUR DAY

Men-Engaged in Moving Trains Begin Country-wide Campaign.

BOSTON, Nov. 1.—A country-wide movement for an eight-hour day for all men engaged in moving trains was announced today at a meeting of the "Big Five" Brotherhoods of Locomotive Engineers, Firemen, Engineers, Conductors and Railroad Telegraphers. National officers of the brotherhoods addressed the meeting and the thousands of delegates present voted to launch the movement here in the best future by presenting demands for an eight-hour day and double pay for all overtime work to the Boston and Maine, New York, New Haven, and Hartford, and Boston and Albany roads.

URGES INCREASE OF U. S. NAVAL STORES

WASHINGTON, Nov. 1.—Increases in the navy's store of supplies to make possible the placing of the fleet upon a war basis at a few hours' notice are urged by Rear Admiral Samuel McCowan, paymaster-general, in his annual report submitted today to Secretary Daniels.

For the last four years, the admiral says, navy ship tonnage for active service has increased thirty per cent, while there has been practically no increase in the value of stores on hand.

Admiral McCowan figures the present property investment of the navy at \$20,376, of which \$18,988,551 is represented in ships; \$206,635,104 in stations and equipment and \$184,234,729 in stores. The total expenditures on the navy from 1894 to 1915 inclusive is placed at \$3,214,359,841.

GOVERN U. S. IN PARTS, NORSE OFFICIAL SAYS

World Citizenship Is Only Cure for War, He Asserts

Dr. David Starr Jordan, in a conversation with me in London, said that a war between the European powers was an impossibility. That was only five weeks before the outbreak of the war. Pacifists think that because they wish for peace, peace will come about. They try to bring about peace through international law. International law is only a worthless scrap of paper. What we need is not a Hague tribunal to settle differences between governments, but a court to give justice to the individual.

—August Schwan.

Predicting that the end of the European war will bring about a great economic crisis in the United States, giving as his opinion that a "supernatural law" should supplant international law, and asserting that David Starr Jordan and other pacifists could never bring about lasting peace through a tribunal, August Schwan, former Royal Chamberlain at the court of Sweden, in an address delivered at the eighth annual meeting of the Episcopal Church last evening, urged a plea for world citizenship.

Because of the present plan of the national government to enlarge the army and navy, to build fortifications, in preparation against attack by other world powers, the apostle of world citizenship has given up his attempt in the United States to spread his propaganda and is going to work in the Orient. His appearance in the Oakland pulpit marks his last address here, he said.

WOULD 'DIVIDE' U. S.

Declaring that the government at Washington, because of the many duties entailed upon it in carrying on diplomatic relations, is unqualifiedly opposed to legislation for outer territory, such as Texas or California, the speaker advocated, as a part of his plea for world citizenship, that sections should be considered only as "subdivisions of humanity." He said:

"Dr. David Starr Jordan, in a conversation with me in London, said that a war between the European powers was an impossibility," said the former diplomat.

"That was only five weeks before the outbreak of the war. Pacifists think because they wish for peace that peace will come about. They

AUGUST SCHWAN.

try to bring about peace through international law. International law is only a worthless scrap of paper. That we need is not a Hague tribunal to settle differences between governments, but a court to give justice to the individual.

THINGS ESSENTIAL

"In order to bring about world citizenship, centralized government should be abolished. All individuals admitted to a country should be treated like citizens of that country from the very first day of their admittance, and universal free trade must be secured."

Rev. John M. Jackson introduced the speaker as "an ambassador to the court of humanity." A meritorious sacred musical program preceded the address, the features of which was a solo by Miss Rose.

PANTAGES GIFT BROWNIE KAR INTERESTS KIDDIES

The kiddies of the east bay cities are very much interested in the Brownie Kar, a small-sized automobile complete in every detail, which will be given away as a Christmas present to the winner of a contest. The car is now on display in front of the theater and is being viewed by many of the boys and girls of Oakland, Berkeley, Alameda and other east bay communities anxious to possess it.

Manager Cornell of Pantages has begun a popularity contest and the car will be given to the winner of this contest. A ballot box has been installed in the theater in which votes are to be dropped and up to today twelve entries had come into the contest. County Clerk George Gross is custodian of the box and will open the ballot box at the close of the contest. The committee in charge of the contest consists of Charles White, J. P. Cook, Russell Cordell, Roy Sharpe, Earl Ennis, Vera McCord, Leo Levy, Ray Danforth, Luther Rood, Paul Buckley and Max Stern.

TENTH ST. CARNIVAL IS PRONOUNCED SUCCESS

The Tenth street carnival which opened Saturday night has been a pronounced success, with the addition of another dozen shows, the entire three blocks between Franklin and Clay streets will be lined with shows and concessions. Several animal and girl shows which were booked for the carnival were delayed en route, but they will be here this afternoon.

Much interest is being taken in the baby show which will be held in the Columbia theater Wednesday afternoon. The prettiest babies in the county will be on display and competition for the beautiful silver cups promises to be keen. Several sets of twins have been entered in the contest.

The merchants under whose auspices the carnival is being held are enthusiastic over the big crowds that have attended during the past two days and the big fair promises to act as a stimulant for business in the southern section of the city.

FAMOUS BASEBALL FANS TO INTRODUCE LEWIS

Famous fans will become theatrical stars next week in honor of Duffy Lewis, hero of the world's series, when he makes his theatrical bow a week from today in a local vaudeville theater. On his first performance he will be introduced by Gerald F. Beaumont (Billy Fitz), sporting editor of the Tribune. "Billy" Berco will introduce him on Tuesday night of his engagement, and John P. Mullins, Judge James G. Quinn, Sheriff Barnett, Carl Brown and several others have been invited to officiate during the week.

Plans are being completed for a St. Mary's College night in his honor a week from Monday, when graduates and students of the college where Lewis began his baseball career will do him honor.

YOUTH SAVED TWO FROM DROWNING; GIRL LOST

SACRAMENTO, Nov. 1.—One girl was drowned and another girl and a man were saved from a like fate early last evening through the heroic work of C. H. Banks, a 18-year-old youth of this city, when a motorboat capsized in which a party of five was enjoying a trip on the Sacramento river.

Cladys Anderson, a telephone operator, about 20 years old, was the only one whose life was lost in the accident, but Miss Beth Williams, also a telephone operator, and W. Azevedo, another member of the party, owe their lives to the presence of mind of young Banks.

OAKLAND LIBRARY TO CLOSE

The Oakland Board of Library Directors have issued an order, in accordance with the governor's proclamation and the mayor's request, declaring the library closed in all departments tomorrow, San Francisco Bay Books returnable on that date will fall due the following day.

The order also requests all employees, as far as possible, to attend the Exposition tomorrow.

L. W. W. Member Slain by Utah Politician

SALT LAKE CITY, Utah, Nov. 1.—Major H. P. Myton, formerly Indian agent at Fort Duchesne, Utah, and well-known in mining and political circles, shot and fatally wounded Senator J. W. Hays, a member of the House of Representatives, in an encounter here today. Myton, a member of the L. W. W., shot Hays, a politician, in the street here today. Hays was a member of the Utah legislature and was a member of the L. W. W. Hays was shot here and died at the hospital here today.

Myton says he feared physical injury and went to his home to get his pistol. As he emerged from the building, he says, Hays, renewed his threats and finally struck Myton in the back of the head with a brick. Myton, who was armed with a .38 Smith & Wesson, shot Hays in the back of the head, killing him. Myton was not arrested.

Mob Deals Death Cards to Murderer

COLUMBIA, Miss., Nov. 1.—Jack Hughes, 35 years old, foreman of a local lumber plant, was taken from the county jail here early today by a party of masked men and hanged to a tree a short distance outside the city limits. Hughes was under arrest in connection with the murder of Laura Hillway, a Columbia youth, who was killed in a lumber camp near here on the night of October 21.

BERNHARDT DEFIES THREATS; COMING HERE

PARIS, Nov. 1.—Miss Sarah Bernhardt will leave Paris December 25 to make her American tour despite threatening letters. "I will come," she has received scores from the United States. Miss Bernhardt has taken out heavy insurance against murder.

English Scientist and Educator Dies

LONDON, Nov. 1.—Sir Arthur William Ruckman, aged 61, known widely as a scientist, author and educator, died today. He was connected with New York College and the Royal College of Science and had served as principal of the University of London.

SUSPECT VIOLENT DEATH

SAN FRANCISCO, Nov. 1.—A man whose name is believed to be J. J. Trainer, dropped dead at Third and Howard streets this morning and the police are endeavoring to ascertain whether or not he was struck in a nearby saloon. He had a cut on his nose which may have been caused by a blow. Trainer was about 40 years old, tall and fairly well dressed. There was nothing on his person to indicate either his business or address.

Thaw in New York; Evelyn Is 'Perturbed'

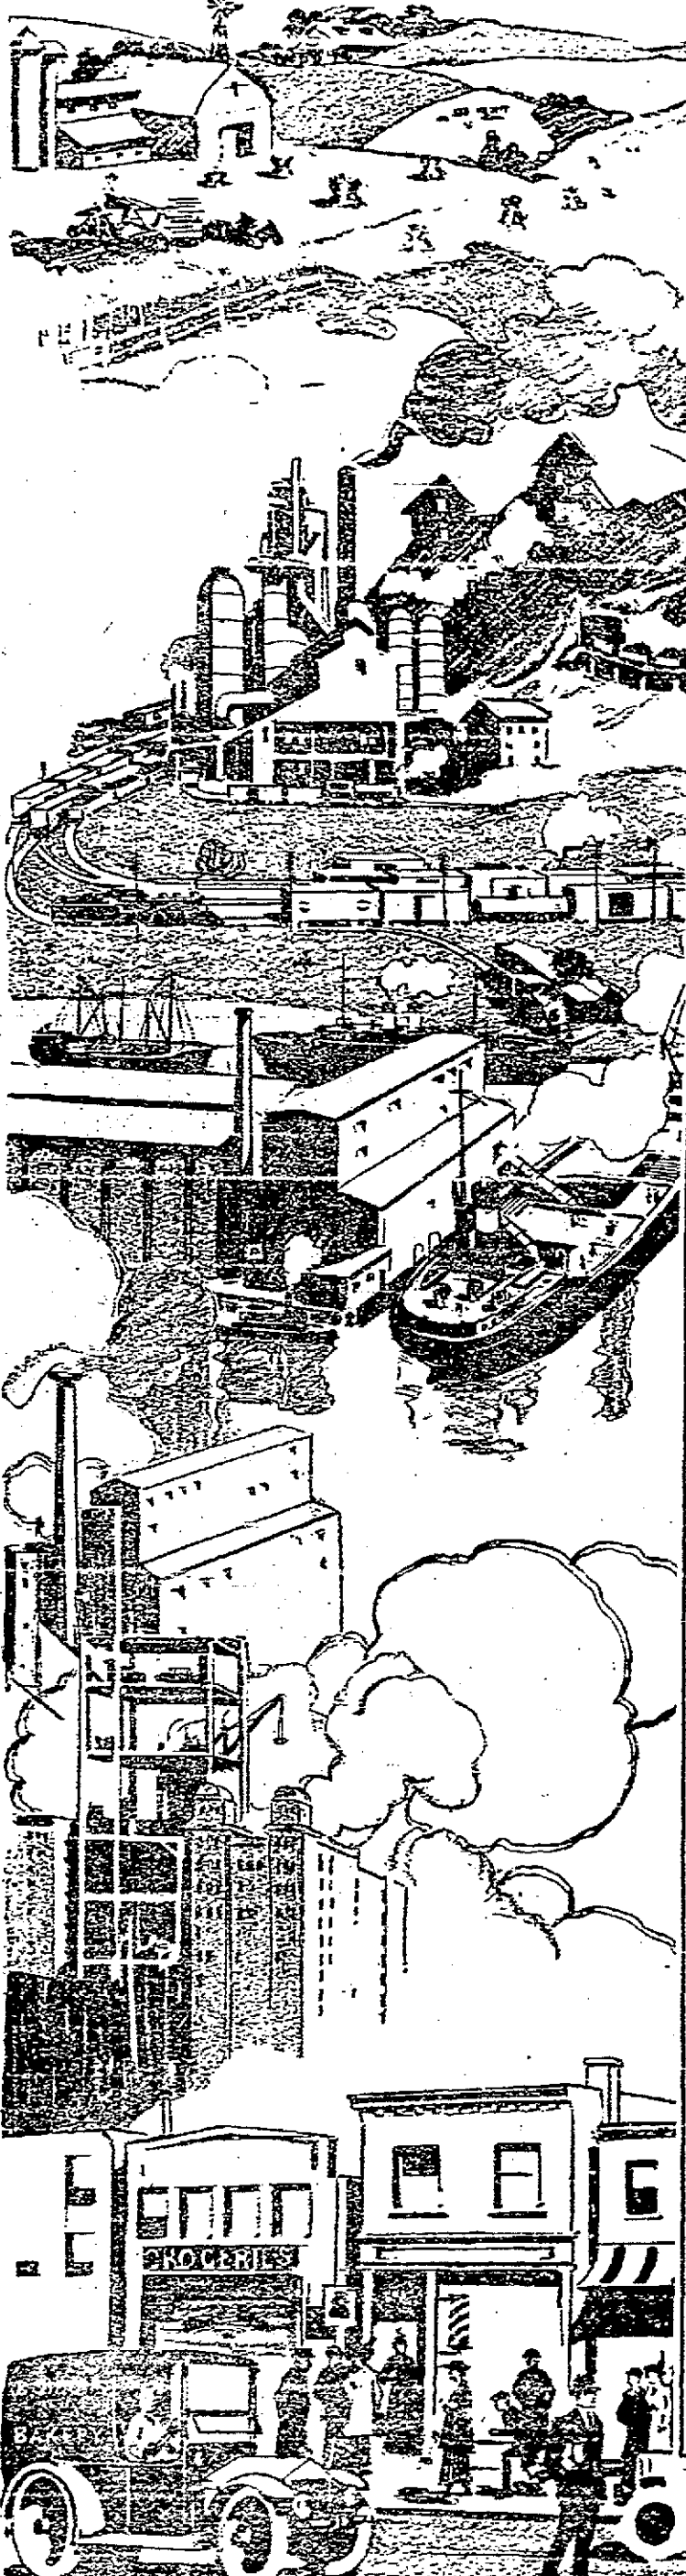

NEW YORK, Nov. 1.—Harry K. Thaw spent yesterday in Broadway. For the first time since he shot Stanford White in 1907 Thaw passed a day in the metropolis a free man.

He arrived from Pittsburgh at 5 o'clock and left for Pittsburgh at 5:30 in the evening. At the Alhambra Theater where Mrs. Thaw is appearing, it was said Mrs. Thaw was much perturbed by Thaw's presence in the city, and was guarded by special detectives.

HER SON SUBJECT TO CROUP

"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." For sale by J. C. Bros. Business is booming!

Dayton, Ohio.

Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had two record crops, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports.

Factories are busy, many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

People are living better, and spending their money more freely.

This country has the best money in the world, and more of it than ever before.

Such a combination of favorable circumstances never has occurred before, and probably will never occur again.

Billions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

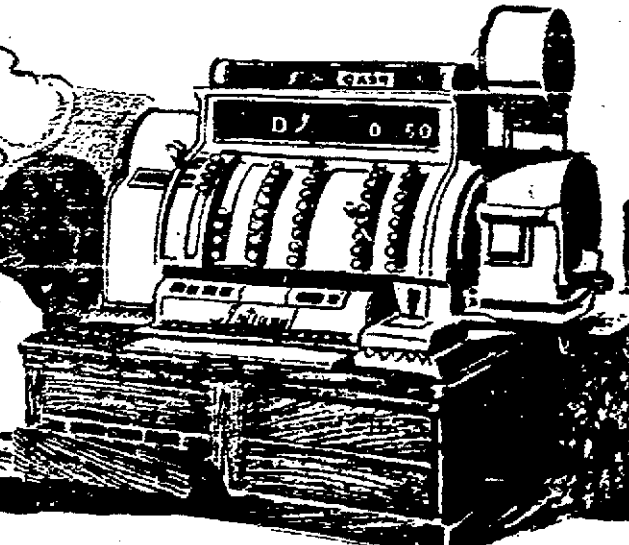

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

Over a million merchants have proved our Cash Registers to be a business necessity.
